Station #3: The Outline Method
➢ **Best for: Easily Creating Study ?'s for Review**

How to use:
- Write points in an organized manner based on space indentation.
- Place major points farthest to the left.
- Indent each more specific point farther to the right

For example:
1. This is a main topic
    - This is a subtopic
        - This is a thought or supporting fact
